

BRITISH PROTEST SEIZING OF SHIP BY UNITED STATES

Say Canadian Schooner Emerald Was Outside 3-Mile Limit

(By The Associated Press)
WASHINGTON, Oct. 18.—Seizure by prohibition enforcement officials this week of the Canadian schooner Emerald, off the New Jersey coast, has been made the ground for formal protest by the British government, the contention being that the vessel was outside American jurisdiction. Pending detailed official advice from the officers who made the seizure, comment as to the probable attitude of the Washington government was not available today.

The only report received at prohibition enforcement headquarters said the Emerald had been taken for alleged liquor smuggling while in communication with shore from a point beyond the three mile limit. The message did not say specifically, it is understood that the Emerald's own boats were playing between ship and shore. It was assumed at the prohibition enforcement bureau that such was the case and that the ship, therefore, fell within the recent government ruling as to operations beyond American territorial waters.

The British protest is understood to assert that the Emerald's boats were not in touch with shore and there was, therefore, no warrant under the announced policy of the American government itself for interference with the Canadian craft. There was nothing to indicate that the statement that the Emerald was seized eight miles off the coast would be disputed and the diplomatic correspondence apparently turns upon the question as to whether the schooner was in touch with shore thru her own boats.

The case is the first of its kind to arise under the administration policy recently announced of confining prohibition enforcement operations strictly to the three mile limit of territorial waters except in one circumstance of a vessel beyond that limit but sending contraband shipments ashore in her own boats. The American position in that regard is held to rest on international precedent.

That the British authorities are convinced the Emerald case does not fall within the rule was made plain by the promptness with which a protest was made.

Framing of the American reply necessarily awaits an official report from the treasury setting out the facts of the seizure. Should that sustain the belief here that the ship was using her own boats to shore when seized, presumably the diplomatic phase of the incident would be closed and the case be allowed by the British to go to legal determination.

SHOULD MAINTAIN FULL NAVAL POWER

(By The Associated Press)
LONDON, Oct. 18.—Great Britain should maintain fully the standard of naval power laid down by the Washington conference, Commander Earl Beatty who received the honorary degree of doctor of laws at the University of Leeds today declared in an address.

The world recognizes that the government's acceptance of that standard was unimpeachable evidence of the British Empire's desire for peace, he said.

The Standards of strength adopted at the Washington conference were those who offered the brightest prospects for peace he declared.

GRANT'S DAUGHTER LEAVES \$75,000 ESTATE

Chicago, Oct. 18.—Mrs. Nellie Grant Jones, only daughter of General Ulysses S. Grant, and who was a white house bride in 1874, left an estate of \$75,000 according to a petition for letters of administration filed today. She died August 30. The entire estate is bequeathed to her husband, Frank H. Jones, former assistant postmaster general.

MANUFACTURING PLANTS SHOW AN INCREASE IN MEN

Over 100,000 More Are Employed Than at This Time Last Year

(By The Associated Press)
SPRINGFIELD, Ill., Oct. 18.—Illinois manufacturing industries are employing approximately 100,000 more men now than they were this time last year, according to a report issued today by the advisory board of the Illinois Department of Labor.

The report reviews conditions for the month from Sept. 15 to Oct. 15 of this year, declaring the outstanding changes in the industrial situation to be a marked expansion of manufacturing following settlement of the rail and coal strikes and a general increase in wages.

Reports from 1,367 employers indicate an increase of about 5,000 in the number of employees in October over September, the October figures being 304,387 workers as compared with 299,366 in the previous month.

This increase in number represents even a larger expansion in industry, the report points out because the wage increases have reduced the labor turnover.

While employment increased there was a drop in the number of building permits, seven of principal cities in the state showing a decrease. The largest reductions in the number of permits issued were in Chicago, East St. Louis and Rock Island, according to the report.

The state industrial wage bill for the week of September 15 was \$7,322,744.41 and the average weekly earnings of 304,387 workers was \$24.06 figures gathered from 1,366 firms showed.

WANT INJUNCTION ON SHOPMEN DISSOLVED

(By The Associated Press)

CHICAGO, Oct. 18.—Notice of a motion to dissolve the interlocutory injunction restraining striking railroad shopmen and union officials from interfering with rail transportation was served on the United States district attorney today by Donald Richberg, counsel for the shopmen. The motion will be presented to Federal Judge Wilkerson tomorrow with request that it be set for hearing.

One of the principal objections to the injunction are that the "conditions described in the bill of complaint if they ever existed no longer exist." It is claimed that a large proportion of the railroads involved have settled their differences with the shopmen and that the settlements automatically disposed of the grievances alleged.

It is also maintained by counsel for the defendants that the injunction is not specific and does not describe in detail the acts to be restrained, that it is made binding on persons other than the parties and those in active concert with them, that it prohibits the doing of lawful acts in violation of the constitutional rights of the defendants and that it prohibits the doing of lawful acts to further a conspiracy without defining the acts which constitute the conspiracy. It is also claimed that the court is attempting to exercise extra territorial jurisdiction outside the northern district of Illinois.

"In case the injunction is not dissolved we expect to ask for a jury to hear the evidence," Mr. Richberg said tonight. "The case while not a criminal action, borders on it and we believe that it should be conducted in accordance with criminal procedure."

It is also maintained by counsel for the defendants that the injunction is not specific and does not describe in detail the acts to be restrained, that it is made binding on persons other than the parties and those in active concert with them, that it prohibits the doing of lawful acts in violation of the constitutional rights of the defendants and that it prohibits the doing of lawful acts to further a conspiracy without defining the acts which constitute the conspiracy. It is also claimed that the court is attempting to exercise extra territorial jurisdiction outside the northern district of Illinois.

HELIUM GAS WILL SOON BE AVAILABLE

WASHINGTON, Oct. 18.—From eight to ten million cubic feet of non-explosive helium gas will be available within a year for the inflation of army dirigibles, Major General Patrick, chief of the army air service reported today to Secretary Weeks. The latter conferred personally with General Patrick in his effort to ascertain just what steps had been taken or would be necessary to avert the use of helium instead of hydrogen such accidents as the destruction by fire of the dirigibles Roma and the C-2.

WILL KEEP DRINK CURE HOME OPEN

Chicago, Oct. 18.—Directors of the Washingtonian Home, declared to be the oldest drink cure institution in the country, have voted to continue "reclamation of inebriates" until the question of light wines and beer have been disposed of by the state and federal governments, it became known here today.

The inmates of the institution have decreased from the high peak of 1600 a year 12 or 13 a month.

Chicago, Oct. 18.—Keen H. Adington 46, prominent attorney who revised portions of the federal reserve banking act and whose amendments and changes in the original draft were concurred in by President Wilson and were enacted, died today.

FRENCH REPLY TO BRITISH HAS BEEN DRAWN BY BARTHOU

Will be Presented to Premier Poincare for Approval

(By The Associated Press)

PARIS, Oct. 19.—The reply of the French government to the British reparations calling for a two to four years' moratorium for Germany has been drawn up by M. Barthou and presented to Premier Poincare for approval. Altho details are withheld until the scheme is presented late in the week the chief feature is firm insistence upon the further and more rigid control of German finances before any relief is granted by the commission.

M. Barthou in preparing the reply had the assistance of the best French experts and the premier will go over the suggestions with the ministers of finance and foreign affairs.

The reply virtually rejects the British proposition as announced by Sir John Bradbury and offers a substitute which deals much less leniently with Germany.

A spirited controversy is on between Paris and London over the question of holding the Brussels meeting. The British are frankly opposed to it. There is considerable feeling in official quarters over allied intimations in British circles that France in offering to reduce the German indemnity in return for cancellation of her debt is giving up something she never would receive. The French declare that the British in opposing the Brussels conference do not want to be placed in the position of blocking a general settlement of reparations thru refusal to cancel a debt which cannot be paid.

POLICE DETAIN DIAMOND SALESMAN

(By The Associated Press)

CHICAGO, Oct. 18.—Mrs. Harry Lachman, who was with Max Moser, New York jewelry salesman, previous to the time he was robbed of diamonds valued at \$150,000 last night, told the police today that she warned Moser that a touring car was following them when they were waiting along the street a short time before the robbery occurred.

Moser was being detained for further questioning by the police tonight. He reported that four men accosted him and Charles Morris, a friend, as they entered Moser's automobile to drive from the hotel to a train. Three men entered the automobile and took the diamonds, he said, while the fourth followed in another car in which the robbers fled after the theft. Morris corroborated Moser's story.

FIVE HUNDRED ARE RELEASED FROM JAIL

(By The Associated Press)

BUCHAREST, Rumania, Oct. 18.—Five hundred persons were released from jail today after being confined during the three days of festivities that followed the coronation of King Ferdinand and Queen Marie. Everyone of whom the police had the slightest suspicion was locked up during the period of celebration. Not even in Russia in the days when Czars appeared before the public were such stringent precautions taken against assassination as those which surrounded the coronation ceremonies just ended.

LETS MAN OUT OF JAIL TO WORK

(By The Associated Press)

PASCO, Wash., Oct. 18.—In order that a sentence of five days in jail given M. C. Carlson, a blacksmith of Kenilworth, by Justice Herman Warden may not interfere with his support of his wife and seven children, Justice Warden has arranged that Carlson serve it on Sundays.

Under the judge's instructions Carlson will report at the city jail every Saturday night for five weeks and be released in time to go to his work Monday. He was convicted of violating a traffic ordinance.

WHOLESALE PRICES LOWER IN SEPTEMBER

Washington, Oct. 18.—The average level of wholesale prices in September the department of labor reported today, was about 1.3 per cent lower than in August. The index number, representing comparative price levels, of 404 different commodities dropped from 155 as determined in August to 153 in September.

Food and light materials were chiefly responsible for the reduction the estimate said, having dropped ten per cent during the month. Farm products, building materials, textiles and clothing showed small declines.

PROGRESS PREDICTED BY ILLINOIS BAPTISTS

(By The Associated Press)

CENTRALIA, Ill., Oct. 18.—Progress among Illinois Baptists during the coming five years was predicted today by President Porter of the Illinois Baptist at their session here. He said that this progress would be due in a great extent to the new denominational consciousness being developed.

It was reported that there is an urgent call for more pastors to fill vacancies in Illinois pulpits. J. M. Lively of Mattoon, Ill., chaired the ministers for alleged evangelistic neglect and extolled the virtues of that phase of religious work.

More thought to fundamentals of Christianity, Dr. Marsh of Decatur, declared is the one sure way to save the industrial situation of the present. He referred particularly to the rail and coal strikes. Dr. S. Z. Batten of Philadelphia urged his auditors to know their public officials and uphold them when they do their duty.

He declared that civic life could not be saved unless a beginning was made with the child. In discussing the region of lawlessness, Dr. Batten declared that 21 governors at a recent banquet failed to observe the prohibition law.

Previous to the election of officers the educational report will be presented to the convention.

HONEYMOON OF AGED COUPLE ENDED BY DEATH

Springfield, Ill., Oct. 18.—A honeymoon which began three months ago in order that they might spend their "twilight days" together was cut short tonight for Mr. and Mrs. T. J. Foster, aged 73 and 68 of Wenona, Ill., when Mrs. Foster was killed by an automobile while attempting to cross the street with her husband. He escaped injury.

The aged couple were delegates to the Odd-fellows and Rebekah conventions here and had combined the honeymoon with a trip to the capital. They were married last July. Mr. Foster said for companionship in their old age, after the death of his first wife and her first husband last year.

CONSPIRACY IS CHARGED IN SUIT FILED AT OMAHA

(By The Associated Press)

J. O. Yeiser, Jr. Says Corporation Trying to Control Wireless

OMAHA, Neb., Oct. 18.—A charge that the radio corporation of America the General Electric company and others have entered a conspiracy to obtain a monopoly of wireless service and prevent individual use of the radio is made in a suit filed in United States district court today by John O. Yeiser, Jr., of Omaha.

Yeiser alleges that "there are 25,000 wave lengths that may be used in transmitting distinct non-interfering radio service and yet the said defendants, by conspiring with unknown underlings in the department of the government assuming to exercise authority over the radio service have crowded all broadcasting stations sending music, lectures and educational matters to waves of 350 meters."

The radio corporation, General Electric company, the American Telephone and Telegraph company, the Northwestern Bell Telephone company and the Westinghouse Electric Manufacturing company and other persons and corporations unknown to Yeiser, he avers, intend to erect district sending stations and commercialize the same by charges for broadcasting.

He alleges his own radio station was closed recently because he was operating slightly above 350 meters wave length and that the first amendment to the constitution which says "congress shall make no law... abridging the freedom of speech or of the press," is being violated.

POLITICAL ISSUES SAME AS IN 1920

(By The Associated Press)

CHICAGO, Oct. 18.—The political issues this year are practically the same as they were in the fall of 1920. W. L. Harding, former governor of Iowa declared at a meeting tonight held to stimulate interest in local Republican candidates. These issues Mr. Harding outlined as the league of nations and the questions of whether or not the national government shall live within its income and United States government bonds shall be worth their face value.

Declaring that the government is now living within its income and that the national debt has been reduced approximately \$1,000,000,000 Mr. Harding said the Harding administration restored confidence and made government bonds worth par and more.

"Issuing bonds and going into debt is a Democratic accomplishment; paying them off is a Republican virtue," he said.

MADE MONEY BY DOING SMALL BUSINESS

(By The Associated Press)

CHICAGO, Oct. 18.—Americans who have made the most money in European trade during the past four years are those who have done the smallest amount of European business, Geo. A. Rannay, treasurer of the International Harvester company declared in an address today before the national association of Farm Equipment Manufacturers on European conditions. He said that conditions in Europe have improved but that time as well as an agreement on debts will be needed to restore normal conditions.

"Taking Europe as a whole," he said, "the conditions are not favorable for American exports except in the form of raw materials or foodstuffs, and even as to those commodities, Europe's purchasing power is limited."

INSURANCE COMPANY WILL GO TO CHICAGO

Rockford, Ill., Oct. 18.—One of the oldest life insurance companies in the middle west, the Central Life Insurance company, located for many years at Ottawa, Ill., has purchased ground adjoining the Drake Hotel Chicago, where it is planned to erect a 12 story building. Offices of the company will be moved from Ottawa as soon as the building is completed in Chicago, it was announced here today by a director of the company.

Chicago, Oct. 18.—Mayor Thompson's appointment of Arthur Seyferlich, third assistant fire marshal as head of the fire department to succeed Thomas O'Connor was ratified by the city council today without opposition.

"Chicago has the greatest fire department in the world," Seyferlich declared. "It will be my job to see that it remains such."

EIGHT PERSONS ARE KILLED IN AUTO ACCIDENTS

(By The Associated Press)

CHICAGO, Oct. 18.—Eight persons, five women and three men, were killed today in four spectacular automobile accidents on railroad grade crossings in and near Chicago.

At Glenview and Blue Island, suburbs, fast trains killed four persons in automobiles on main highways, and at Gary, Ind., a fast electric train crashed into an automobile killing two of the occupants and injuring a third.

Two high school girls, Bernice Gordes and Evelyn Griebel, were killed, and Peter Gordes, four, was severely injured when a Chicago & Northwestern passenger train struck the automobile in which they were riding, two miles east of Des Plaines.

While scores of commuters gazed horrified and helpless, an unidentified man and woman, clasped in each other's arms, were burned to death when the gasoline tank of a taxicab exploded after the cab had been struck by a Chicago, Milwaukee & St. Paul train at Glenview. Two others narrowly escaped death.

Kris Gebert and Ira Forey were killed almost instantly when a Baltimore & Ohio maintenance train struck the motor truck in which they were riding and Mrs. Alice M. Evans and her daughter, Isabelle, 19 years old, were killed at Gary when a fast Chicago, Lake Shore & South Bend electric train struck their automobile. Harvey Evans, son of Mrs. Evans, who was driving the car, was seriously injured.

WIFE BEATER GETS HIS OWN MEDICINE

(By The Associated Press)

WILKES BARRE, Pa., Oct.—A man charged with wife beating had both eyes blackened by the magistrate who ended the indictment by imposing a \$10 fine.

The magistrate, Alderman Edward Burke of Pittston, had heard only part of the wife's testimony when he shouted: "I am going to see how he likes it," and jumping over his desk ordered Anthony Azakas, the defendant to stand up. As Azakas did so the magistrate hit him a sharp blow over the left eye. The defendant fell but was ordered up again and received another punch over the other eye, which once more sent him to the floor. Azakas promised never to strike his wife again.

COMMISSION TO INVESTIGATE COAL PRICES ORGANIZES

(By The Associated Press)

WASHINGTON, Oct. 18.—The United States coal commission created by congress to investigate and report the facts on all phases of the coal industry with recommendations for possible legislation or government regulation at its first meeting today organized by selecting John H. Hammond as chairman and laid out a program for its future operation.

As a preliminary step the commission telegraphed John L. Lewis, president of the United Mine Workers, A. M. Ogle, president of the National Coal Association, representing the bituminous operators, and S. D. Warriner, who has served as chairman of the policy committee of anthracite mine operators asking all three to attend an informal conference with the commission next week for the purpose of suggesting methods of procedure.

In addition, those invited were asked to suggest the names of representatives of their own associations who might serve on consulting committees to assist and cooperate with the association in its work.

After the meeting Mr. Hammond, with his associates, George Otis Smith, director of the geological survey, Clark Howell, editor of the Atlanta, Ga., Constitution, Federal Judge Alschuler of Chicago, Charles P. Neill, and former Vice President Marshall, made a formal call upon President Harding.

"The sole object of the commission," said a statement issued by its members, "as declared at the meeting today, is to endeavor to get all the essential facts touching the coal industry to the end that practical measures may be found to insure a constant supply of this most necessary commodity at as reasonable prices as are consistent with fair wages and profits to those engaged in the industry."

"The policy of the commission will be to invite and welcome every suggestion and offer of assistance from the mine workers, operators, dealers and consumers of coal. The commission will from time to time make public its findings of fact with the view of informing the public as well as of eliciting additional information before its formal reports are submitted to the president and congress."

A THOUGHT

Faith, Abraham, when he was called to go out into a place which he should after receive for an inheritance, obeyed; and he went out, not knowing whither he went.—Hebrews 11:8.

KEEP not standing, fixed and rooted;
Briskly venture, briskly roam;
Head and hand, wherever thou foot it,
And stout heart are still at home.

In what land the sun does visit,
Brisk are we whatever betide;
To give space for wandering is it
That the world was made so wide.

—Goethe.

Diamond salesmen meet with such sad fates in Chicago that it is a wonder that they do not shun that city. The last salesman robbed claims to have lost \$300,000 worth of precious stones, and his losses make the total for the year thru similar robberies something more than \$2,000,000.

They will have to find another way of transporting diamonds just as they seem to have done

with pay rolls, for the pay roll robberies are on the decline.

Senator McKinley while in Germany paid 1,000,000 kronen for a traveling bag which was worth about \$15 in American money. If you happened to buy an automobile over there for cash it would take a truck or two to haul along the currency tendered. Never mind, even people who have great difficulty in meeting their butcher and grocery bills are accustomed these days to talk about millions and billions.

When the traffic committee gets into action considering the various phases of the big question, not much thought need be given to any extensive changes relating to Central park. It would not be possible to run the street car track thru the park, even if the monument were not in the center. Years ago the courts issued a perpetual injunction to restrain any such procedure. The park, according to those best informed, cannot be used for business purposes nor as a general thoroughfare.

General optimism prevails in the world of business and the feeling that conditions are gradually growing better is broadcast. They have kept saying that "prosperity is just around the corner," and the corner is in sight.

One of the best evidences of the movement toward better times is found in the advanced prices paid for farm products by comparison with a year ago. The real difficulty with the situation from a local standpoint and the same thing applies to it in a broader way—is that the farmer is not getting a just return for his labor by comparison with those who produce other commodities. The farmer deals with things that are absolutely basic and essential and is entitled to a fair return. There is no reason why he should be expected to labor longer hours than other people for less reward. The adjustment needed seems to be taking place.

WINTER BUSINESS.

(N. A. E.)

Is business going to slow down this winter? Many are wondering. After hard times, prosperity seems too good to be true.

All of the basic signs point to a continuation of the steady industrial revival now under way. Most encouraging of these signs is the big freight traffic being handled by the railroads.

In the two weeks ended September 23 (last figures available) the number of cars loaded with revenue producing freight on all railroads compared with the corresponding period of previous years as follows:

1922 1,919,210 cars
1921 1,727,193 cars
1920 1,999,275 cars
1919 1,390,892 cars

You'll observe that 191 cars of freight are moving, for each 199 cars in 1919 during the big boom.

Business doesn't haul a lot of freight around the country unless it expects to use it, work it up into manufactured products. That means jobs. The stage is being set to keep everyone busy.

A car shortage is developing in some quarters. This is a bad thing for business, but it is also a good thing, for it shows that there is more business than can be handled. In one recent week the railroads were asked to furnish so many freight cars on sidings that they ran short 86,000 fewer than what the shippers needed.

In the same week there was a shortage of 26,000 coal cars. At other points there was a surplus of 17,614 coal cars, but these couldn't be rushed to where they were needed as fast as they were needed.

All of this feverish activity on the railroads look mighty comforting to any one who remembers, during depression, how cars stood on side-tracks, accumulating rust.

The old business machine is moving at last and getting into high speed. Sometimes the unexpected happens, so there might be a setback, but nothing in sight makes that seem probable.

If traffic statistics seem dry, here's something along the same line that will penetrate easily to any brain:

E. M. Sheehan, president of the California Grape Growers' exchange, says that about half of California's 550,000-ton wine grape crop is in danger of destruction as the result of a shortage of cars for shipping the grapes to John Doe's cellar.

BERTON BRALEY'S DAILY POEM

The Sealers

By Berton Braley

(With acknowledgments to George Allan England)

MEN with the tang and the strength of the sea in them,
Bronzed with the sun and the breath of the wind,
Men with a deep-chested, full-throated glee in them,
Thick-muscled, big-handed, leathery-skinned;
Men that look death in the face without quivering,
Laughing at danger and grinning at woe,
Fearless and reckless and wholly unwavering,
Going the way they are destined to go!

MEN with a damnable and hardy simplicity
Taking life's chances with never a whine,
Men full on nature's superb electricity,
Stalwart, upstanding, unfettered—but fine,
Faithful and loyal and lusty and vigorous,
Hardened by tempest and toughened by toil,
Living a life that is valiant and rigorous,
Fighting the sea for a share of its spoil.

SLEET, ice and tempest, each year they go forth to them
Glad of the hardships that seem to them play,
Somehow the bitter cold breath of the north to them
Seems but a tonic that makes their blood gay;
Underpaid, badly-fed, blithe-hearted giants, too,
Daring the perils that Vikings might dare,
These are the men on whom you place reliance to
Bring you, dear lady, that fur that you wear!

WHITE HALL WOMAN IS STRUCK BY AUTO

Mrs. John Smith Sustains Painful Injuries In Accident Near Her Home.

White Hall, Oct. 18.—Mrs. John Smith, residing on West Bridgeport street, is confined to her home with serious injuries as the result of being struck by an automobile shortly after four o'clock Monday afternoon. Mrs. Smith and Mrs. Annie Pritchard had alighted from the car of Mrs. Allen Brannen in front of the new Smith residence on West Bridgeport street, and the sound of approaching car of A. E. Knight evidently frightened Mrs. Smith, as she appeared to jump in front of the Knight car, and was knocked down. Knight evidently drove his front wheels on to a rise at one side, which saved crushing Mrs. Smith. She was dragged some twenty feet as a sack of wheat, and it was necessary to raise the car in order to extricate her. Mrs. Smith has one fractured rib and is also out about the head. Another day will have to elapse before it is finally determined if there is any internal injury, according to the attending physician, Dr. W. W. Billings.

Mrs. Smith is about 65 years of age, and the mother of nine children. She requires constant attention, being unable to move without the assistance of two persons, and suffers a great deal. Mr. Smith purchased and vastly improved the Isiah Potts residence property on West Bridgeport, moving his family from the Burrow neighborhood about two years ago, since when he has continued to improve the surrounding.

Mr. Knight declares his car was moving about ten miles per hour when he struck Mrs. Smith.

SOLDIERS' BONUS VOTED IN MANY STATES

Commander Schick of State American Legion Appeals For Support of Illinois Measure.

An appeal to voters of Illinois to support the adjusted compensation act when it comes up for a referendum vote by the people of the state on November 7 has been issued by Charles W. Schick, state commander of the Illinois Department of the American Legion.

In his appeal Commander Schick points out that fifteen states have already voted on the proposition of giving a bonus to their service men and as a result fifteen states have paid or are paying a bonus to the men who fought in the world war.

Commander Schick in asking support of the bill to appropriate \$55,000,000 for veterans of the world war, said in part:

"Fifteen states point the way for Illinois in the matter of paying a bonus to her heroes of the world war. Those states have passed legislation giving their soldiers adjusted compensation in actual cash.

"In many of the states the question was put up to the people in a referendum, just as it will be in Illinois on November 7, when voters will determine whether \$55,000,000 shall be appropriated for soldiers, sailors, marines and others who were in the war.

"The first state in the Union to give a bonus was Vermont. Compensation of \$10 a month was allowed, with a maximum of \$120.

"Four other New England states are paying a cash bonus and the sixth is giving food, clothing and medical aid. Maine, New Hampshire and Rhode Island are paying a flat bonus of \$100. Massachusetts is paying \$10 a month for each month of service. Connecticut is giving aid.

"Oregon is paying its service men \$15 a month, with an alternative of a loan of \$3,000 to build a home or improve a farm.

"Minnesota is giving \$15 a month, a minimum of \$50 and a maximum of \$600, to its soldiers, in addition to tuition of \$200 in accredited schools.

"Ohio is paying \$10 a month, with a maximum of \$250. Michigan is paying \$15 a month. Missouri is paying \$10 a month with a maximum of \$250. Washington is paying \$15 a month with a maximum of \$465. This state has paid to its soldiers \$12,300,000 at an expense of less than 1 percent for administration.

WAVERLY CHILD IS DIPHTHERIA VICTIM

Harold Morris Died Wednesday Night After Week's Illness—Funeral Arrangements Not Completed.

Waverly, Oct. 18.—Harold Morris, the six year old son of Mrs. Otto Morris passed away at the family home here at about 9:45 o'clock Wednesday night. The child had been ill from diphtheria for about a week and his condition had been serious for the past few days.

Surviving are the mother, one sister, Opal, aged fourteen years, and one brother, Orville, aged eleven years. The father died a year or two since.

The funeral arrangements have not yet been made.

KNIGHTS OF COLUMBUS SEND GIFTS TO J. S. H.

Local council of Knights of Columbus has sent to the ex-service men stationed at the federal training school, maintained at the state hospital, some very much appreciated gifts. A large assortment of candy, tooth paste, shaving cream and a full baseball equipment have been recently sent to the school. Needless to say the students of the school were pleased with the thoughtfulness of the members of the K. of C. in remembering them so graciously.

POPULAR WINCHESTER YOUNG PEOPLE MARRY

Miss Lois I. Murray Became Bride of Oscar E. Gibbs Wednesday Afternoon—Other News Notes of Interest from Winchester.

WINCHESTER, Oct. 18.—Wednesday afternoon at 3 o'clock occurred the marriage of Miss Lois Irene Murray, daughter of Mr. and Mrs. Melvin Murray, to Oscar Everett Gibbs, son of Mr. and Mrs. Edgar Gibbs. The impressive ceremony was performed by Rev. Carl Corrie, pastor of the M. E. church.

The bridesmaid was Miss Martha Gibbs, sister of the groom, and Edward Christopher of Jacksonville was the best man.

Before the hour for the ceremony Miss Irene McCullough, accompanied by Mrs. Scott Gordon, sang a group of songs, "At Dawning," "I Love You Truly," and "A Perfect Day."

The wedding party entered the handsomely decorated living room to the strains of Lehercrain's wedding march.

The bride's gown was of white brocaded silk crepe over white satin with pearl trimmings, and she wore a bridal veil of tulle. Her shower bouquet was bride's roses.

Miss Gibbs wore a gown of orchid crepe over pink satin and carried a bouquet of red roses.

There were about forty relatives and intimate friends present for the wedding ceremony, following which hearty congratulations were extended the bride and groom. Later a three course luncheon was served by five young women classmates of the bride in the class of '21. The dining room was tastefully decorated with cut flowers and the table was especially handsome with its decorations of white roses and the huge bride's cake occupying the center.

Both Mr. and Mrs. Gibbs are popular young people of the county. The bride has resided in Winchester practically all of her life and graduated from the Winchester high school in the class of 1921.

Mr. Gibbs is a substantial young farmer and has hosts of friends in the Winchester neighborhood to wish him well. Mr. and Mrs. Murray, who were in Chicago for wedding trip of a week or ten days and upon their return will make their home with Mr. and Mrs. Murray during the winter months.

News Notes.
Anton Obermeyer of Chicago has arrived to spend the winter with his mother.

The Winchester Implement Co. will have an opening Thursday evening and an interesting program will be presented, to which the public is cordially invited.

A little daughter was born to Mr. and Mrs. Boone Welch, Wednesday morning at Our Savior's hospital in Jacksonville.

Mrs. Gertrude Demerath left Wednesday afternoon for St. Louis where she expects to attend a conference of Christian churches. From there she will go to New Salem and later to Evansville, Ind., to assist in evangelistic campaigns.

A number of young people enjoyed a viener roast Monday evening in the woods south of town. A good time was had and the menu included wieners, sandwiches, celery and pickles.

Glen Filson of Concord was up to the city Wednesday.

SENATOR MCKINLEY TELLS ABOUT EUROPE

Illusion Gives Impressions Based
On Extensive Travel Abroad—
Desperate Situation in Austria.

Senator W. B. McKinley who has just returned from an extended stay in Europe recently made an interesting address to the Consistory Club in Bloomington. The following resume of the address is taken from the Bloomington Pantagraph:

"Senator McKinley arrived home in Champaign from Europe only two days ago, hence his information was first hand and up-to-date, and his manner of representing it, which was wholly conversational, was very pleasing to his hearers. He began by speaking of the Inter-parliamentary Union which is composed of all the members of all the parliaments of countries which care to affiliate. This year the meeting was held at Vienna, where 300 delegates were present from twenty-four different countries. He mentioned Congressman Frank H. Funk as one of the delegates from the American congress. The secretary is a Norwegian, and the office is in Geneva. The proceedings are mostly in the English language, which is now the language of the world, the senator said.

"The Japanese delegates sat next to the American. They could all speak English, and they seemed anxious to follow the American lead on all questions.

Situation in Germany

"As to Germany, Senator McKinley thought that people will work out their destiny, altho the conditions there are bordering on the desperate. The fall of the value of the marks is the reason. Wages in Germany are about one-tenth of the American average. Laboring men are comparatively the best off, for the middle class, or professional class, are too poor to realize. Some incomes of \$2,000 before the war are now \$66 per year, owing to shrinkage of property values. Yet Germany is the only country where a foreign visitor can buy anything cheap. The railroad fare from Bremen to Berlin is about one-eighth of the fare from Bremen to the capital of Czechoslovakia, tho the distance is somewhere near the same.

Desperate in Austria.

"In Austria, said Senator McKinley, conditions are actually desperate. The Treaty of Versailles carved off from that country all its productive sections, and left 6,000,000 people without means for producing the food they consume. The president of Austria told Senator McKinley that he had no idea how long his government could last, for things were so uncertain and no relief ahead. Mr. McKinley tried to buy a valise in Vienna and they wanted 4,000,000 kronen for a fairly good one. He finally bought one for 1,000,000 kronen.

"Senator McKinley spoke of the other countries he visited. He told of how, in Bigrade they can have water only five hours a day, altho there is a river at their doors, but no adequate means of distribution. Jugoslavia, he said, is the nearest approach to a stable country that he visited in Central Europe, altho they have a king and the other countries are nominal republics.

League of Nations.

"As to world conditions, Senator McKinley expressed the thought that the League of Nations is performing some good, altho it is not carrying out the purposes for which it was formed. It spent \$400,000, of which England furnished 30 per cent. Senator McKinley was told that England and the other countries want America in the League and are willing to make almost any kind of concessions to get us in."

BETTER THAN CALOMEL

Thousands Have Discovered
Dr. Edwards' Olive Tablets
are a Harmless Substitute

Dr. Edwards' Olive Tablets—the sub-
stitute for calomel—are a mild but sur-
e, and their effect on the liver is
almost instantaneous. These little olive
colored tablets are the result of Dr.
Edwards' determination not to treat
liver and bowel complaints with calomel.
The pleasant little tablets do the good
that calomel does, but have no bad after-
effects. They do not injure the teeth like
rong liquids or calomel. They take
old of the trouble and quickly correct
it. Why cure the liver at the expense of
the teeth? Calomel sometimes plays
havoc with the gums. So do strong
liquids. It is best not to take calomel.
Let Dr. Edwards' Olive Tablets take
its place.

Headaches, "dullness" and that lazy
feeling come from constipation and a
disordered liver. Take Dr. Edwards
Olive Tablets when you feel "lousy" and
"heavy." They "clear" clouded brain
and "perk up" the spirits. 15c and 30c

present the best method for mak-
ing of a dress form. Other things
of practical value to women of
farm homes were discussed in an
informal way and the opportunity
was given for asking questions.

Later W. H. Rowe of Decatur
discussed "Better Farms and
Farming." Mr. Rowe has made
a success of dairy farming in Ma-
con county and his address yester-
day made clear that he has high
ideals for the farmer in his
home and business life.

In the evening Mrs. Mann talked
again on household topics. The
speaker laid particular stress
upon methods of "saving steps"
in housework and displayed a
number of "conveniences" which
can be installed in farm homes
without a great deal of expense,
and resulting in a great deal of
labor saving.

In an illustrated lecture Chas.
W. Farr of Chicago, presented
some interesting facts and some
wonderful pictures relating to
plant and animal life. Mr. Farr
explained how things must be
made interesting on the farm if
young people are to remain there
and continue farm operations as
their parents have done before
them. Rev. G. W. Randle oper-
ated the stereopticon for Mr.
Farr.

Proceeding the addresses Mrs.
Rex Ranson gave a vocal solo and
Mrs. George McKean two violin
numbers. Miss Elizabeth Hem-
brough serving as accompanist for
both. These musical features
were thoroughly enjoyed. E. R.
Hembrough of Asbury neighbor-
hood presided at both afternoon
and evening session. The ladies
of the church served a splendid
supper at 5:30 o'clock. The
meeting was in every way a suc-
cess.

Another institute is to be held
at Waverly today. Mrs. Mann,
Mr. Rowe and Mr. Farr are to
speak again, and the interest in
the program will be further in-
creased by an address by William
Webb of Joliet, a man experienced
especially in relation to soils and
crops.

FARM BUREAU NOTES

The Farmers' institute at Mere-
dosa on Tuesday afternoon and
evening was attended by a group
of interested people. The after-
noon session for women was held
in the M. E. church with Mrs.
L. F. Berger presiding. Mrs.
Mann addressed this gathering
and answered numerous ques-
tions. The Domestic Science class
from the Chapin High school are
also the students from the Mere-
dosa High school attend this
meeting.

Charles N. Borbet, addressed
the men's meeting in the Mere-
dosa Opera House where Presi-
dent Fred H. Jewsbury had
charge of the meeting. Mr.
Borgett discussed sand land crops
and told of his experience in
growing alfalfa, clover, sweet
clover and black locust on blow
sand. The men present asked
many questions. It is doubtful
whether a farmers' institute lec-
ture ever faced a more interested
body than Mr. Borgett faced. Mr.
Borgett was certainly a man with
a message.

G. G. Hoppe, director of the
Illinois Farmers' institute from
the 30th congressional district
was present and made a brief
talk. He emphasized the value of
educational exhibits in connec-
tion with Farmers' Institutes.

In the evening Mrs. Mann ad-
dressed the joint session of men
and women at the Meredosa
Opera House speaking on Beau-
tifying the Home.

Walter H. Rowe of Decatur
failed to get to Meredosa for
either of the programs and his
place on the evening program was
taken by the farm adviser, George
P. Kendall. He spoke on poultry
and dairying as possibilities for
the region around Meredosa.

HARD LUCK STORY FROM BRADLEY TECH

PEORIA, Oct. 18.—Hopes
which Bradley Poly football sup-
porters held for a state cham-
pionship this fall were enshrouded
in gloom as Coach Robertson
prepared the squad for the Illinois
college fracas Saturday with
three regulars adorning the side-
lines because of injuries.

The Techmen meet the Illinois
aggregation on strange soil in
Jacksonville. Coach Harmon of
the down-state outfit is under-
stood to boast a crack bunch of
experienced gridgers and that
combined with the fact that they
will be playing before the home
crowd is expected to force the
Robertson crew to its limit to win.

Captain Babcock, fullback
Gross, halfback and Rogers, end
will not be able to take part in
the game Saturday and it is even
doubtful whether they will be in
shape to hop into the Normal con-
test a week later. Their place
will be filled by subs with little
or no experience.

Light workouts were held this
week as a precaution against
further crippling the squad. Sev-
eral new plays were given to the
first string men Monday which
Robertson expects to use against
Illinois Saturday. Two full teams
will make the trip.

ASKS COURT TO DECIDE PATERNITY

(By The Associated Press)

ST. LOUIS, Mo., Oct. 18.—H.
H. Laumier, wealthy club man
and real estate dealer this after-
noon asked the circuit court to
determine the paternity of the
son of his former wife, Mrs. By-
Shoemaker, who is suing him in
New York for the support of the
child. He declares he separated
from her the day after they were
married in January of 1918 and
that the child was not born until
23 months later. Mr. Laumier
was secretary of the St. Louis
Club of the Short Lived
League, asks that a
guardian of the child be appointed
and if it is found that he is not
the father of the child, he re-
quests that his former wife and
the child be enjoined permanently
from making any claims against
him or his estate.

WILL GIVE CONCERT AT LYNNVILLE CHURCH

The Swanee River Jubilee
quartet is to give a concert pro-
gram at the Lynnville Christian
church tonight. The quartet ap-
pears under the Dennis Lyceum
bureau and has made such a dis-
tinct success that a fine entertain-
ment is assured the people of
Lynnville and vicinity. Negro
spirituals will have place in the
program.

RURAL CARRIER HONORED

Thad Wiseman, a rural mail
carrier, has secured a transfer to
Louisville, Ky., and will have a
position there in the postoffice.
As a token of esteem in which Mr.
Wiseman is held by his associates
at the postoffice he was presented
with a fountain pen Tuesday af-
ternoon, John Kearns making the
presentation speech.

Mr. Wiseman with members of
his family will take the good
wishes of many Jacksonville
friends with them to their Louis-
ville home.

Ames, Ill., Oct. 18.—Mrs. Anna
A. Richardson of Washington, D.
C., has been appointed dean of the
economic department at Iowa
State College to succeed the late
Catherine Mackay, President R. A.
Pierson announced today.

HUMMER MAY BE SENT VIA CUT OFF

Mr. Charlton of C. & A. Road
Makes announcement Jackson-
ville is to Lose Night Train
from Chicago.

There is unwelcome news for
Jacksonville in the statement
made by George J. Charlton, pas-
senger traffic manager of the
Chicago & Alton, indicating that
the Hummer which now arrives
from Chicago at 11:35 each night
is soon to be routed by way of
Springfield to Roodhouse.

This statement was brought
out at a hearing of McCarty sta-
tion citizens held before the Illi-
nois commission on Tuesday
evening. McCarty is on the Alton
line and far from Muncieville,
and petition was filed with the
commission asking that an order
be issued requiring the railroad
to establish and maintain a sta-
tion there.

Mr. Charlton told the commis-
sion that it is the expectation to
reroute the Hummer and in this
way it will run thru McCarty sta-
tion. A combination freight and
passenger train will also serve
McCarty station citizens who wish
to travel to Springfield and re-
turn on the same day.

Without the Hummer from
Chicago the Alton Chicago ser-
vice from Jacksonville will be
badly crippled. If any influence
can be brought to bear upon the
Alton management to revise this
plan it will be for the benefit of
Jacksonville.

ILLINOIS LABOR ASKS SOVIET RECOGNITION

ROCKFORD, Ill., Oct. 18.—
Recognition of soviet Russia by
the United States is demanded in
a resolution unanimously adopted
by the Illinois Federation of La-
bor at its morning session today.
The resolution also demanded
that the state department take
immediate steps to negotiate a
trade agreement with the Russian
government.

The charge was made from the
convention floor that Mexicans
are permitted to cross the bound-
ary line without passports to
take jobs as strike breakers in the
discussion of a resolution calling
for recognition of Mexico by the
United States. Mexico was re-
solved as the one government
which at present is spending more
money on education than milita-
rism.

Resolutions urging amnesty for
political prisoners in the United
States, asking for a new trial for
Sacco and Vanzetti, convicted of
murder in Massachusetts and
protesting to the United States tar-
iff commission against unfair for-
eign competition in the printing
industry were unanimously
adopted.

Officers and members of the
convention were instructed to do
everything in their power to fur-
ther the farmer-labor political
movement in another resolution
which was adopted unanimously.

W. C. T. U. VOTERS URGED TO RETURN BALLOTS

Decatur, Ill., Oct. 18.—The
state W. C. T. U. in convention
here today recommended that
members return their ballots on
November 7. The recommen-
dation followed the address of the
president, Miss Helen L. Hood of
Chicago who had said: "To
vote either for against the beer
and wine program would be to
accept the wet claim that the
liquor traffic can be re-established
without removing the 18th
amendment. Patriots should not
fall into the trap."

Other resolutions adopted calls
on every minister in the state to
be asked to speak on October 29
and Sunday schools and young
people's organizations educate
people to the situation.

About 300 delegates are at-
tending the convention.

Mrs. Mabel Francis

"Tanlac helped me back to
good health two years ago and I
am still feeling fine," recently
said Mrs. Mabel I. Francis, highly
esteemed resident of 628 S. Lin-
wood Ave., Baltimore, Maryland.

"Before taking the medicine I
suffered from a nervous break-
down and was in an awful condi-
tion. I scarcely had strength
and energy to handle a broom and
my housework was drudgery to
me."

"The first bottle of Tanlac
made such a wonderful improve-
ment in my condition that I was
both surprised and delighted. So
I stuck to it and a few bottles
built me up ten pounds and made
me feel as if I had never had a
sick day. My health has been
fine ever since."

NOTE—The International Propri-
etaries Co., distributors of Tanlac,
have on file in their offices at
Atlanta, Georgia, over fifty
thousand signed statements from
representative men and women
from every state in the union and
every province of Canada. Many
of these are from prominent peo-
ple in this city and section and
have been previously published in
this paper.

Instant Quaker Oats

Cooks to perfection in 3 to 5 minutes

Ready at 7:05

Before the eggs or coffee

Now our experts have perfected an *Instant Quaker Oats*—the quickest-cooking oats in the world. Your grocer now has it as well as the regular.

Instant Quaker cooks in 3 to 5 minutes. The cooking is perfect—experts certify to that.

The same exquisite flavor

The fame of Quaker Oats is due to super-flavor. We flake the grain only—just the rich, plump, flavorful oats. We get but ten pounds from a bushel.

All the world over Quaker Oats dominates, because people love that flavor. And Quaker will always have it.

Instant Quaker is made from the same grain oats. The flavor is identical. But we cut the grains before flaking. Then we roll them thin and partly cook.

So the flakes are smaller and thinner—that is all. And those small, thin flakes cook quickly.

Now you have a double reason for selecting Quaker Oats. You get that exquisite flavor. And you get, if you wish, flakes that cook almost instantly. In either respect, there is no other oat dish in existence that compares.

Regular Quaker Oats

Come in package at left—the style you have always known.

Instant Quaker Oats

Come in package at right, with the extra "Instant" label. Your grocer has both. Be sure to get the style you want.

Social Events

Entertain History Class

The History Class met yesterday afternoon at the home of Mrs. H. D. Dobyns on West State street. The program leader was Mrs. E. P. Brockhouse and she took as the subject of the day "Modern Engineering Achievements." Mrs. Brockhouse led the discussion and she was assisted in presenting the program by Mrs. George Merrill, Mrs. H. W. King and Mrs. J. W. Hubble. During the pleasant social hour which followed the program the hostess served dainty refreshments.

Fortnightly to Meet

Mrs. Ruth Bailey will entertain to members of the Fortnightly Club this afternoon at her home on Jordan street, at four o'clock. Miss Fannie Wakely will lead the afternoon program which will be a discussion of modern poetry. Miss Wakely will take up the most noted verse writers of the day and will give a short selection from the writings of some of the most eminent.

Will Entertain Tonight

Mrs. E. A. Olds will entertain the members of the Past Noble Grand Club of Jacksonville. Rebekah Lodge No. 13 this evening at her home on West College avenue. This is the regular monthly meeting of the club and only members will be present. Part of the time will be devoted to a business meeting and plans will be made for the annual Christmas Bazaar and market which the club plans to give before the holidays. The remainder of the evening will be spent in a social way and the hostess will serve attractive refreshments.

"Mary Rose" Reviewed At Wednesday Class

The members of the Wednesday class were entertained yesterday afternoon at the home of Mrs. A. B. Applebee at her home west of the city. The ladies motored out to the Applebee home, and a very delightful afternoon was spent. Mrs. Ensley Moore gave the paper of the day and took as her subject "An English Play." Mrs. Moore chose James M. Barrie's "Mary Rose" and gave an interesting review of this late stage success by the eminent English playwright. Afternoon tea was served following the program.

Surprise for Mr. Armstrong

Charles Armstrong was the guest of honor at a surprise party given Tuesday evening by Mr. and Mrs. Howard Stout at their home on West Court street. The affair was a surprise for Mr. Armstrong, and was given in celebration of his birthday. There were five couples present and a delightful evening was spent with music and games as the features of entertainment.

Rush Given For Mrs. Roy L. Black

Mrs. Glen Standley gave a rush Tuesday evening at her home west of the city in honor of Mr. Roy L. Black. There were lots of nice presents received. There were about sixty guests present.

The evening was spent in dancing. Refreshments being served at a late hour. The guests departed wishing Mr. and Mrs. Black lots of good luck and good wishes.

Entertains For Mrs. Idle

Miss Ruth Rapp entertained a number of friends at her home on South East street last evening in honor of Mrs. Harry Idle of Kansas who is visiting in the city. The guests were a number of young ladies who belonged to the Queen of Avalon society and who were friends of Mrs. Idle. There were about twenty guests present and a delightful informal evening was spent with games and music. The hostess served attractive refreshments during the evening. Mrs. Idle was formerly Miss Ruth Platt of Jacksonville.

Strawn's Crossing Club In Annual Meeting

The annual meeting of the Strawn's Crossing Country club was held last evening at the home of Mrs. William Murray on South Main street. The affair was a six o'clock dinner and the husbands of club members were guests at the occasion. There were about sixty-five guests present and a very enjoyable evening was spent. At six o'clock a delicious four course supper was served. After the supper hours a program was given with a piano solo by Miss Virginia Spink, as the first number. Mrs. Homer Cully, president of the club then spoke a few words of greetings to the guests and mentioned briefly the work of the club during the past year. The secretary's report was given by the secretary, Mrs. Henry Strawn, and this was followed by the roll call, answered by the members of the club. Miss Catherine Parker sang a group of songs and the closing number of the program was a paper read by Mrs. Edward Phillips. The subject of the paper was "Father's Day," and was written by Mrs. Ed Deaton.

The Murray home was attractively decorated for the occasion with fall garden flowers. Mrs. Charles Bealmeier was the chairman of the program committee and she was assisted by Mrs. Frank Leach. Mrs. Frank Green was the chairman of the domestic committee which included Mrs. Frank Hunter, Mrs. William Thompson, Mrs. A. C. Foster and Mrs. Edgar Boston. Frank Corington, Turner Cully and Noel Boston assisted in the serving of the dinner.

High School Freshmen To Have Weiner Roast

The Freshmen at Jacksonville High School are planning a big outing for Friday night. They are going to hike out to the fair grounds and have a weiner roast and picnic out in the open. They will build big fires and cook their supper and games will occupy the rest of the evening. Clyde Fitch is the president of the class and he is in charge of the arrangements for the feed. Miss Hildreth Ashwood is the faculty advisor for the freshmen.

CHURCH ORGANIZATIONS

Grace Mission Society Met.

The Woman's Home Missionary Society of Grace church met yesterday afternoon in the church parlors. Rev. T. H. Tull was the program leader for the day and he took as his subject "Booker T. Washington."

The devotional services which opened the meeting were led by Mrs. J. I. Graham and Rev. Tull then took charge of the program speaking of the life and work of Booker T. Washington as the great leader and thinker of the colored race. Miss Beulah Tull gave a review of the first chapter of the study book, "In the Vanguard of the Races." The chapter for discussion yesterday was "The Trend of the Races." Mrs. J. Bart Johnson gave a group of songs and as the concluding number of the program, Miss Beulah Tull sang a number of songs. The remainder of the afternoon was given to a pleasant social hour and the hostesses served attractive refreshments. The hostesses for the day were Mrs. A. Cody, Mrs. Fletcher Blackburn, Mrs. C. F. Herald, Mrs. Switzer, Miss Susan Draper, Miss Amelia DeMotte, Mrs. George Harry, Mrs. Harriett Mount, Mrs. J. R. Harker and Mrs. W. D. James.

It was voted to send canned fruit this fall as usual to Cunningham Home, also to have a candy booth at Epworth League fete on Oct. 26. It was decided to serve supper at the church next Wednesday evening.

FILING APPLICATIONS FOR SCHOOL SUPERINTENDENCY

The resignation of H. A. Perrin as superintendent of the schools of Jacksonville was transmitted to the board of education yesterday. It is understood that Mr. Perrin has explained to members of the board the general reasons why he feels that the wise course for him is to accept the Joliet superintendency.

A special meeting of the board will be held tonight at 7:30 o'clock for conference with Mr. Perrin, and it is expected that some action with reference to the resignation will be taken at that time. Meanwhile the fact that the Joliet superintendency has been offered to the Jacksonville man has been noised about the state and President Black and other members of the board yesterday began to receive applications by wire and mail.

REAL ESTATE MEN
TO ATTEND CONVENTION

The annual convention of the Illinois Real Estate Association will open in Decatur today. The program will continue thru three days. Henry Zander, president of the Chicago civic federation, and Charles Bostrom, building commissioner of Chicago, will be among those who will make addresses.

A number of local real estate men purpose to attend at least a part of the convention sessions. The group includes H. L. Ranson, C. H. Story, E. B. Wiswell, S. T. Erickson and Norman Dewese. The association has grown rapidly in membership since the passage of

BIG DELEGATION
GOING TO WAVERLY

Local Men Met to Arrange for Attendance at Good Roads Conference.

The present plan is to take a large delegation of Jacksonville people to Waverly Friday night, where a good roads meeting has been arranged. The purpose of this meeting is to boost the project of a hard road leading from Alexander, Franklin, Waverly and thence to Auburn.

A meeting was held last night at the chamber of commerce rooms by men who are interested in the project and an effort is to be made to secure thirty automobiles for the trip. Those who expect to make the journey will assemble at 6:15 at the chamber of commerce rooms and will make the start promptly at 6:30.

Delegations from Alexander, Meredosia, Chapin, Franklin, Woodson, Murrayville and Auburn are also expected to attend the Waverly meeting. A number of speakers have been secured for the event and there will be music and other features.

The following men met last night to arrange for the participation of the Jacksonville people in this event: J. G. Berger, George A. Wheeler, Dr. E. L. Hill, J. B. Seng, Walter Martin, F. L. Mawson, Clarence York, Carl York, Senator John A. Wheeler, William Galloway, Dr. A. C. Bolle, G. B. Andre, V. Baldwin and H. Underwood.

SPORTS

ILLINOIS TO MEET
STRONG FOE SATURDAY

Bradley Will Be Here for Game Saturday—Visitors Have Won Two Games and Tied One This Season.

Coach Harmon gave his Blue and White squad a strenuous workout on Illinois field Wednesday afternoon in preparation for the game with Bradley Saturday.

Work this week has been devoted mainly to offensive work. In the games so far played Illinois has shown a strong defense but has lacked the old time punch on the offense. The men showed improvement in this regard in the scrimmage yesterday.

Bradley will prove a strong foe for the local squad judging from the games so far played. She won her first game by defeating Lincoln 56 to 6. In the second game the strong Lombard team was held to a 6 to 6 tie on the Lombard field. Last Saturday Bradley defeated St. Viator, considering one of the greatest fighting teams among the minor colleges, by a score of 14 to 9.

Last year Bradley won from Illinois due chiefly to fumbling work such as was shown in the Normal game last week. However, that was the only bad day Illinois had last year and fans are hoping that the game with Normal was the jinx game of the 1922 season.

Brick Young, sporting editor of the Bloomington Pantagraph, predicts that Bradley will win from Illinois by a small margin. For a good many years he got real money from newspapers for picking all-star teams in the little Nineteen conference and if his judgment is no better in this instance than it was in some of the men he picked for all-star material, Illinois should win the game.

ATTENDANCE BROKEN
IN A. A. CIRCUIT

CHICAGO, Oct. 18.—By The A. P.—All attendance records for the American Association were shattered during the 1922 season when the eight clubs played to an attendance of 1,529,378, President Hickey announced tonight.

The previous high mark was last year when the attendance reached 1,522,323. The Kansas City club, which finished third in the pennant race a half game behind Minneapolis, drew the largest attendance with 316,000. This also is a record for an individual club and the first time that any team in the organization drew above 300,000 for a season.

AMATEURS TURN
TO PRO BOXING

NEW YORK, Oct. 18.—Amateur boxers are being graduated in ever increasing numbers to the professional ranks. This is particularly true of the Metropolitan district which in recent years has contributed several amateur glove knights who immediately established a permanent footing in the ranks of the purse chasers. With the rapidly increasing popularity of boxing among the leading athletic clubs of this district it is expected that during the next few seasons there will be further and more impressive additions to the ranks of the professionals.

ROWING WILL BE DEVELOPED AT HARVARD
Cambridge, Mass., Oct. 18.—Rowing activities at Harvard are to be broadened with a view to developing single sculling as a minor sport. An annual three cornered race with Yale and Princeton and possibly an inter-collegiate championship are proposed.

ANNOUNCE WINNERS IN N. B. FEDERATION
Cleveland, O., Oct. 18.—Winners of the championships for 1922 of the National Baseball Federation were announced today by Secretary Fred W. Thomas. The Grennan Cakes of Detroit, were declared the winners of the Class A (Amateur) division; the Telling Ice Creams of Cleveland winners of Class AA (Industrial) and the Elks of Beaver Falls, Pa., last year's championship, the winners of Class AAA (Semi-professional).

DOCTOR ORDERED
WOMAN OBEYED

Took Lydia E. Pinkham's Vegetable Compound and is Now Well

Chicago, Illinois. — "You surely gave women one good medicine when you put Lydia E. Pinkham's Vegetable Compound on the market. After I had my baby I was all run down and so nervous it kept me from gaining. My doctor did everything he could to build me up, then he ordered me to take Lydia E. Pinkham's Vegetable Compound and I am now a new woman. I have had three children and they are all Lydia E. Pinkham babies. I have recommended your medicine to several friends and they speak highly of it. You are certainly doing good work in this world."

—Mrs. ADRIAN TOMSHECK, 10657 Wabash Ave., Chicago, Illinois.
There is nothing very strange about the doctor directing Mrs. Tomscheck to take Lydia E. Pinkham's Vegetable Compound. There are many physicians who do recommend it and highly appreciate its value. Women who are nervous, run down, and suffering from women's ailments should give this well-known root and herb medicine a trial. Mrs. Tomscheck's experience should guide you towards health.

Notes from the Big
Ten Camps

ILLINOIS
CHAMPAIGN, Ill., Oct. 18.—University of Illinois football players were given a terrific grueling on Illinois field tonight in preparation for the Iowa game Saturday. The ends, Captain Wilson and Richards worked well, but the freshmen offensive went over for repeated touchdowns.

Netcott and Yates, fullbacks, were injured and forced to retire from the play.

MICHIGAN
Ann Arbor, Mich., Oct. 18.—Rumors of radical shifts in the lineup of Michigan's football squad when it meets Ohio State in the season's big game at Columbus Saturday were nipped by Coach Yost today when he announced that the lineup that started against Vanderbilt last week with exception of two men would march against the Buckeyes.

Eddie Johns, a veteran who has been out of the lineup this year will play left guard and Blott will return to center replacing Slaughter.

The mentor has two complete backfields to throw into the fray with Ohio which has defeated the Wolverines in three successive years.

SIKI AND BECKETT
BOUT DECEMBER 7

PARIS, Oct. 18.—By The A. P.—The battle between Battling Siki and Joe Beckett, English heavyweight will take place in London on Dec. 7, it was officially announced tonight by the International Boxing Union under whose auspices the battle will be held.

The articles call for a 20-round encounter and will be for the official heavyweight title of Europe as neither Beckett nor Siki are able to make the light heavyweight limit. The Senegalese will fight around 185 pounds, ten pounds heavier than the weight he fought Carpenter.

The Associated Press understands from a most reliable authority that Siki will receive 7,000 pounds sterling win, lose or draw.

WORK TO BEGIN ON
WHITE HALL LIBRARY

Construction of New Building to Commence at Once and Cornerstone to Be Laid Nov. 11 As Armistice Day Feature.

White Hall, Oct. 18.—Ernest Stansbury came over from Greenfield this week to prepare for beginning the brick work on the new library building. He is the contractor for the brick work and expects to have the walls well under way next week. He stated that the laying of the corner-stone on November 11 will come just right, and he will work to that end and arrange for the stone. This insures the event in connection with the observance of Armistice Day by the American Legion.

All local organizations have been requested to prepare some parade feature, and this insures a parade of some proportions. The arrangements are in the hands of C. F. Wenken, commander of the local post of the American Legion. One of the speakers in connection with the cornerstone laying will likely be William Russell, the sage of Bluffdale, Greene county, and advice will soon be forthcoming as to the presence of Chief Justice F. E. Thompson of the supreme court, who has a personal interest in the historical feature of the new library enterprise. The day promises to be memorable one in the annals of White Hall.

It will be remembered that a tremendous gathering the local G. A. R. post brought about after the close of the Civil War, an event that is remembered to this day by every participant and started the movement that finally culminated in the erection at White Hall of the most imposing soldiers' monument in this section of Illinois. Now it seems that the American Legion boys are destined to equal or excel that G. A. R.

event in both current and permanent importance.

This is sweater week at Tomlinson's.

WILL OF JAMES CRUSE
The will of the late James Cruse was filed in the office of County Clerk Riggs yesterday. The will was drawn Sept. 21, 1922 with J. Wehr Elliott and C. A. Johnson witnessing the signature. Mr. Cruse bequeathed all his real estate to his son, Charles Cruse, who is named executor of the will.

It is provided that the executor shall sell all personal property and the proceeds to be divided equally between the two children, Charles Cruse and Mrs. Belinda Cruse Carriel.

This is sweater week at Tomlinson's.

OXFORDS
Brown, Black or Combinations
Brown is proclaimed Fall's favorite garment shade, hence brown oxfords are assured popularity.

Black oxfords are always wanted—the newest flat vamp modes are here. Combinations of fabrics or of different shades or colors of the same fabric are much in evidence and this popular fashion note is also evident in the several combination effects which are included in our all-embracing collection of oxfords—either strapped or laces—for the new season.

Market Report

HEAVY SELLING AT CLOSE OF MARKET

CHICAGO, Oct. 18.—Altho
new high price records for the
season were registered today by
wheat, corn and oats, the gains
were more than wiped out later
by heavy selling to realize profits.
Wheat closed unsettled, 7 to 1/2
net lower with Dec. \$1.12 1/2 to
\$1.13 1/2 and May \$1.12 1/2 to
\$1.13 1/2. Corn lost 1 to 1 1/2
cents to 1 1/2¢. Oats, in con-
siderable quantities, varied from
unchanged figures to 2 1/2¢ higher.

Rapid changes characterized
the trade in wheat from start to
finish with commission houses
active on both sides of the mar-
ket. The final downturn of
values appeared to be due to be-
lief on the part of many holders
that a reaction was in the air
after the sharp advances of late.
Comparative unresponsiveness
which the Liverpool market
showed to yesterday's return on
this side of the Atlantic gave
some initial advantage to bears
here. Fresh indications of Eu-
ropean shortage of supplies soon
had prices soaring again. It was
a case of tip and tuck in the
wheat pit until during the last
hour. Then sellers attained a
majority with some notices be-
ing taken of gossip that car short-
age was easing up a little and that a
consequent reduction of premiums
at the seaboard might be looked
for. Bulls contended at the fin-
ish that realizing has cleaned out
much wheat held wheat and that
the market was in a healthier
position as a result.

Estimates that the world short-
age of corn this season would to-
tal 500,000,000 bushels tended to
give independent strength to
corn and oats. May and July
corn reached 70 1/2¢ a bushel, but
when holders began to unload on
a big scale and corn and oats
receded with wheat.

Provisions averaged higher
with hogs and as a result of the
semi-monthly statement of ware-
house stocks here.

CASH GRAIN REPORT

CHICAGO, Oct. 18.—Wheat
premiums in the cash market at
the close today were a trifle firmer
for hard grades with cash
grades unchanged. Cash sales
were 35,000 bushels to millers.
The seaboard reported 300,000
bushels worked for Europe.

Corn premiums were unchang-
ed to 3¢ easier. Shipping sales
were 100,000 bushels including
50,000 bushels to exporters. The
seaboard said 300,000 bushels
corn had been taken for export.
Premiums on oats were unchang-
ed to 3¢ better. Shipping sales
were 125,000 bushels, including
75,000 bushels to exporters.

Cars inspected: Wheat, 73;
Corn, 234; Oats, 52.

GENERAL RECESSION OF MARKET PRICES

NEW YORK, Oct. 18.—Prof-
iting combined with hesitancy
based on the theory that the mar-
ket had been overbought caused
an almost general recession of
prices in today's market. Tradi-
ng was largely in the hands of
professionals. Mexican Petroleum
continued to be a speculative
favorite, moving within a radius
of 14 points and closing at a net
loss of the 7.

Rails again lagged behind the
rest of the list but a brief rally
took place in Northern Pacific
which touched \$9.
Total sales were 1,236,000
shares. Call money held firm at
1 1/2 per cent thruout the session.
Heavy buying of sterling in
London apparently for French ac-
count sent demand bills up to
4.47 1/2 in this market, the highest
in several weeks, but the rate fell
back in later trading.

French checks were heavy as
were most of the other continen-
tal rates. Canadian exchange was
firm at 3-16 premium.

Heavy buying of Liberty 3 1/2s
which advanced 50¢ on \$100 was
a feature of the bond market.
Total bond sales, par value,
were \$17,891,000.

SUB COMMITTEES NAMED YESTERDAY

Are Named in Business District to Work Out Best Plan for Traffic Regulation.

The special committee of five, appointed at the meeting of the traffic committee of the Chamber of Commerce Tuesday evening, met yesterday afternoon at two o'clock, and after some discussions appointed the sub-committees which are printed below.

The plan of working out this movement is to have the special committee of five men select sub-committees from the side streets and intersections surrounding the square. These sub-committees are to meet at the call of their chairmen and to determine what will be the best plan of traffic regulation in their particular district. After making a thorough survey these committees will make reports in writing to the special committee of five.

This special committee, which includes T. C. MacVicar, chairman; F. E. Farrell, W. A. Berryman, A. R. Taylor, and Harold Welch, will co-ordinate the ideas advanced and present them to the main traffic body of the Chamber of Commerce. The chairmen of the sub-committees are also members of the main traffic body and are in a position to explain the object of the work to their committee. Suggestions from other Jacksonville citizens and persons living in this vicinity are invited. These should be put in writing and mailed to the Chamber of Commerce. All suggestions thus offered will be given the careful consideration of the committee.

The committees appointed yesterday were as follows:

West Court street-Square to Church street—C. P. Joy, chairman; Perry Primis, O. N. Barr.

West State street-Square to Church street, north side of street—H. J. Rodgers, chairman; George Brown, W. W. Gillham.

South side of the street, J. W. Merrigan, chairman; John Rule, John Reynolds.

West Morgan street-Square to Church street—Robert Birnbaum, chairman; Earl Wiswell, Harry Hoffman.

South Sandy street-Square to College street—Stanley Wright, chairman; Byron Armstrong, E. R. Hieronymus.

MISS QUILL TALKS TO I. C. STUDENTS

Students of Illinois College at the chapel exercises Wednesday morning, were addressed by Miss Mary Quill. Miss Quill has been engaged for the past three years in student friendship work in Russia and Central Europe.

Miss Quill talked along the line of her experience and depicted the conditions under which the students of Russia and Czechoslovakia and Poland labor. Mention was also made regarding the student money contributed by America and England toward the welfare of students in those countries and it was the opinion of the speaker that the effort made in their behalf was well worth while.

MATRIMONY

Donovan-Meze

Wednesday morning William Donovan and Mrs. Marie Meze were united in marriage at six o'clock mass at the Church of Our Savior. Rev. Father Hobbs, officiating. They were attended by Mary and Joseph Crowe, niece and nephew of the bride.

The bride was attired in a traveling suit of blue with a hat to match. Her bridesmaid also wore a suit of blue and dark hat. After the ceremony the party repaired to the home of her sister, Mrs. M. J. Crowe where a sumptuous wedding breakfast was served.

The bride was an employee of Jacksonville State Hospital where she has many friends. The groom is an employe of Doyle Bros., Plumbing Co. After a trip in the East they will be at home to their friends in this city, who will wish them many happy years of wedded life.

Braner-Mason.

The marriage of Miss Marie Mason and Raymond Braner was solemnized at 7 o'clock Wednesday evening at the home of the bride's parents, Mr. and Mrs. Wallace Mason, northwest of the city.

The ceremony was performed by Rev. J. F. Wallace of Concord and was witnessed by a limited number of the relatives and friends of the young people.

Both Mr. and Mrs. Braner belong to well known families of their respective home communities. Mr. Braner is a son of Mr. and Mrs. Braner, residing northwest of the city, and he and his bride will make their home on a farm in that vicinity, following a brief wedding trip.

Bruening-Rahe.

Miss Leah L. Rahe of Chapin, and John W. Bruening of Meredosia were united in marriage at 5 o'clock Wednesday evening, the ceremony taking place at the home of the bride's parents, Mr. and Mrs. Harmon Rahe, near Chapin. Rev. Mr. Deterding was the officiating clergyman.

The young people were attended by Miss Anna Deterding, sister of the groom, and Alfred Rahe, a brother of the bride. Present at the ceremony were a few of the relatives and intimate friends of the bride and groom.

Following the ceremony a wedding dinner was served and later the young people left for a short wedding trip. Upon their return they will be at home on the farm of the groom's father, John Bruening, in the Meredosia neighborhood. Their friends unite in wishing them a happy and prosperous wedded life.

MASONS WILL ERECT LODGE BUILDING

Property on West College Avenue Will be Acquired as Site After Careful Consideration. for Structure—Project Shaping

For a number of years past the Masonic bodies of Jacksonville have been considering the proposal of a Masonic building. The project took material form in recent months, when a committee was appointed, representing the four Masonic bodies, to select a site for a building.

This committee not long since reported in favor of the purchase of the property on West College avenue, owned by T. J. Moore of Springfield. This is the old Broadwell home, adjoining Central Christian church on the east. At present it is under lease to J. A. Paschall, who will continue occupancy until the Masons have need of the property.

The committee representing the lodges in the choice of a site included Dr. H. H. Chapman, Percival Cooper, Alex. Rabjohns and George Haigh.

It is understood that while the various bodies have approved the recommendation of the committee that no steps have been taken to determine just what kind of a temple will be built or when.

All of the bodies have some funds in the treasury which can be used for building purposes, and all of the bodies for years past have felt the need of more commodious quarters.

It is understood that the West College avenue location was chosen because it is close to the center of population in the city and from the further fact that the majority of the lodge men are in favor of erection of a building simply for lodge purposes, without including store rooms or business apartments. If that had been the plan the site chosen would of course have been in the business district.

LAST GAME OF SEASON.

Baseball will probably be played on Southside park Sunday for the last time this season when the Indians and Colored Giants of Springfield cross bats. The game was to have been played last Sunday but the rain interfered.

ASKING COURT TO CONSTRUER WILL

Executors of Estate of Philip Hackman Seek Court Order in Making Deed to Property.

A bill to construe the will of the late Philip Hackman has been filed by Miss Eleza Hackman and Zella M. Hoffman as executors and trustees of the will. The bill was filed by Bellatti, Bellatti & Moriarity. The attorneys for the complainant, naming as defendants Elizabeth Caroline Hoffman et al.

Mr. Hackman died Dec. 22, 1917, and his will made in February of that year was admitted to probate May 17, 1918. It is shown that in the second paragraph of the will real estate and personal property was bequeathed to the complainants upon trust for them as individuals and for Anna M. Hackman, whose death occurred prior to that of the testator and whose interest had therefore elapsed.

One city lot was excepted from the bequest, already mentioned and by a further paragraph this lot was devised to the trustees for the benefit of Patti Irene Brunk, with the provision that if she died with out children that the title to the lot should divert and become a part of the trust estate. The death of Mrs. Brunk is shown.

It is further set forth that by the fifth paragraph of the will the interest of Zella M. Hoffman was limited to a life estate, yet by the paragraph mentioned she was given broad powers to sell and convey any part of the real estate which should come to her under the will.

The trustees now desire to sell the lot that was reserved from the original trust and as the prospective purchaser has questioned the authority of the trustees to convey the premises, the present proceeding has been brought so that the court construction of the will can be given.

It is the belief of the trustees that full authority is given by the will for them to sell the property originally set forth for Mrs. Brunk. The hearing will be had at the November term of the circuit court.

MRS. R. A. GATES IS RE-ELECTED

Local Woman Again Heads Woman's Foreign Missionary Society—Mrs. G. W. Randle also is Re-elected.

Mrs. R. A. Gates of Jacksonville again was re-elected president of the Woman's Foreign Missionary society at its thirty-eighth annual meeting which closed yesterday at Winchester.

Vice presidents were chosen as follows: Mrs. J. W. Spink, of Havana; Mrs. Edwin Beggs, of Ashland; Mrs. E. R. Turnbull, of Chandler; Mrs. George McNaught, of Waverly; Mrs. John Leach, of Jacksonville, and Mrs. Nora Mason of White Hall.

Mrs. G. W. Randle of Jacksonville was re-elected corresponding secretary and Miss Myra Beggs of Ashland was made assistant corresponding secretary. Mrs. John Hall of Palmyra was chosen treasurer and Mrs. Sam Darley of Franklin was given the office of special work secretary. Mrs. J. W. Scott of Franklin was chosen literature secretary and Mrs. M. B. Keplinger of Franklin was made the titling secretary. Mrs. John Anthony was made extension secretary and Miss Helen Reaick of Ashland was given the duties of young people's secretary. Mrs. G. W. Lund, mite box secretary and Mrs. Arthur Drury children's secretary.

Jacksonville district heads the conference in raising the annual pledge. This district the past year raised \$16,000 and the amount of \$9,000 was the year's pledge. However this extra quota was the gift of a couple from Carlinville.

The meeting was well attended by delegates from all the societies of the district. The principal speakers of the convention were two missionaries from China, Dr. M. M. Manderson and Miss Myra Jaquet.

KINDERGARTEN COLLEGE PLANS CAMPAIGN

Mrs. Charles Cole of this city has been appointed Alumnae group field executive for Southern Illinois for the Builders of the National Kindergarten and Elementary College of Chicago, a group of nationally known Americans who have endorsed a plan to move the present college to Evanston, Ill., where it will be rebuilt as a "national college of childhood."

As alumnae chairman for this area Mrs. Cole will have charge of organization of local alumnae in seeking "active" and "silent" partners in the business of childhood. Active partners, according to Mrs. Cole, are graduates and

others who are contributing to the rebuilding of the college. Silent partners are all friends of childhood who thru scholarships or gifts make it possible for more trained young women to mould the characters of children in the most impressionable years of life, the most important period in the life of an individual from the standpoint of education.
